### **Spring Savings Now Available March - May 2017**

#### *The Largest Conference Center in Virginia Offers Complete Meeting Package*

**Leesburg, Virginia**, February 2017 ... The National Conference Center is one of the largest training and educational facilities in the nation. Offering a unique bundling of services through a Complete Meeting Package, the National is the expert on providing the perfect meeting place for experiential learning. “With Spring right around the corner, it’s time to refresh and rejuvenate with new ideas and goals for companies and associations. We work with each of our clients to advise and meet their goals with each meeting held at our facility,” says Geoff Lawson, General Manager and Vice President.

The National is one of the leaders in developing the Complete Meeting Package (CMP), which is an inclusive per person charge for meetings. The National’s Spring CMP includes guest room accommodation, three meals per day, unlimited refreshment break stations, meeting room space and a technology package, plus complimentary parking, wi-fi and newly-renovated fitness center.

#### **Big and Small Facilities**

Depending on the size and flavor of your meeting, The National offers unique, individualized meeting space with conference rooms and guest lodging grouped in self-contained wings or Pods to create the ideal environment for large or small conferences or meetings. With 265,000 sq. ft. of meeting and event space, offering 250 purpose-built conference rooms, breakout rooms and general session rooms, we offer flexibility in a big way. When new management took over in 2014, one of the goals was to create small, intimate meeting space. The outdoor courtyard with Pergola and firepits are used almost daily, along with a modern Living Room space and a “speakeasy” room aptly named The National Secret. The finished room is down a hallway around the corner from the active Black Olive Bar & Grill with no other entrance.

#### **Accommodations**

Groups can reserve a separate area with guest rooms and meeting space close by in self-contained wings

or pods. The comfortable guest rooms and suites are small in nature to encourage guests to mingle and work with colleagues in the common areas. Each room features attractive décor and guest amenities including a well-designed workspace with MP3 connection, ergonomic chair, flat-screen TV and complimentary Wi-Fi connection.

### **The National Rope Course**

Experiential learning has been touted as an exceptional method in creating memorable learning experiences with high recall. When The National was looking for an experienced partner to facilitate on-site programs, The Browne Center for Innovative Learning was the preferred choice based on earned reputation and a well-established resume. The Challenge Course includes action-based learning components such as the high ropes course and other elements designed for problem solving and leadership development. The new course features nine unique elements strategically placed within the 65-acre campus and each element provides multiple challenges.
